Hi Ellen: Attached is a one pager identifying 4 issues that Hudbay may raise with EPA responses. Also attached is the briefing paper we already shared with ORA. Liz and I agree that together this should provide Mike and Alexis with useful info. Please let me know if you have questions or revisions you want us to address before you send them to the ORA. SZ

Thanks Sam and Elizabeth. This is good background, but it would be good to think about 3-4 of the issues we expect Hudbay to raise and some potential responses Mike and Alexis could give. We could attach those to the briefing paper we already shared with ORA. I can look for some examples if that would be helpful.
Ellen
